**Well Log Data and Image(s) released from the Department of Ecology are provided on an “AS IS” basis, without warranty of any kind.**

**The data and/or image(s) may not be accurate, complete, legible, or otherwise reliable.**

**Ecology disclaims any and all warranties**, whether express or implied, including (without limitation) any implied warranties or fitness for a particular purpose. In no event will Ecology be liable to you or to any third party for any direct, indirect, incidental, consequential, special or exemplary damages or loss resulting from any use or misuse of these data and/or images.

**The user of this well log assumes the entire risk** that the data and/or image may be inaccurate, incomplete, illegible, or otherwise reliable.

**Some loss of information can occur from scanning a document.** Small dots that end abbreviated words or decimals that separate whole numbers from fractions can sometimes be lost as a result of scanning. If a number has a gap between its digits or if the line that boxes it has white space where there should be a continuous line, then any associated numeric value should be scrutinized. Poorly scanned documents can be rescanned from the original paper if reported to us. Use the Well Log Contact Us page to report image quality or content concerns.
